They have been prepared in accordance with IAS 34 'Interim Financial Reporting' and the requirements of the Companies Act of Namibia. They do not include all of the information required in annual financial statements in accordance with IFRS and should be read in conjunction with the financial statements for the year ended 29 February 2020.

Karibib Pegmatite Exploration (Pty) Ltd is a private company incorporated and domiciled in Namibia.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

#### Significant accounting judgements and key estimates

The preparation of the interim financial report requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### New or amended Accounting Standards and Interpretations adopted

In the current year, the company has adopted all new and revised IFRSs that are relevant to its operations and effective for annual reporting periods. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted. The following Accounting Standards and Interpretations are most relevant to the company:

#### Impact of adoption

The transition from the International Financial Reporting for Small and Medium-Sized Entities to the International Financial reporting Standards (full IFRS) is not expected to materially impact the financial results and no restatement to comparative figures or additional disclosures are deemed necessary.

#### Note 2: Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

Management is responsible for the preparation and presentation of the interim financial information for the 10 month period ended 31 December 2020 in accordance with IAS 34 – *Interim Financial Reporting* and the requirements of the Companies Act of Namibia. It is the responsibility of the directors to ensure that the Interim Financial Report fairly present the state of affairs of the company at the end of the reporting period.

Our responsibility is to express a conclusion on the interim financial results based on our review. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2410 – *Review of a Financial Report by the Independent Auditor.*

The procedures performed in a review are substantially less in scope than those performed in an audit conducted in accordance with the International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the Interim Financial Report.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the Interim Financial Report does not fairly present, in all material respects, the financial position of Karibib Pegmatite Exploration (Pty) Ltd as at 31 December 2020, and its financial performance and cash flows for the 10 months ended 31 December 2020 in accordance with IAS 34 – *Interim Financial Reporting* and the requirements of the Companies Act of Namibia.
