

ARCADIA DUAL LISTS ON THE FRANKFURT STOCK EXCHANGE

Arcadia Minerals Ltd (ASX:AM7, DAX:8OH) (Arcadia), the diversified exploration company targeting a suite of projects aimed at Lithium, Tantalum, Nickel, Copper and Gold in Namibia, is pleased to announce that it has listed on the Frankfurt Stock Exchange under ticker code **DAX:8OH**.

HIGHLIGHTS

- Arcadia executes dual listing on the Frankfurt Stock Exchange (DAX)
- Company shares trading under ticker code 8OH
- Listing to broaden Company's exposure to the European Investment community, especially with Arcadia's unique battery metals portfolio
- Namibia well recognised and understood in Germany
- German Investor Relation groups engaged to assist with promotional marketing of Arcadia

Arcadia Minerals Ltd (ASX:AM7) (Arcadia or the Company) is pleased to announce the dual listing of the Company's shares on the Frankfurt Stock Exchange. The Company's shares will trade under the code **"8OH"**.

The Frankfurt listing enlarges Arcadia's investor reach and increases its exposure to European markets, which are specifically complimentary given the broad battery metal portfolio of projects within the Company. The Frankfurt Stock Exchange is one of Europe's largest stock exchanges. More than 50% of the total trades on the Frankfurt Stock Exchange are conducted through investors in countries outside of Germany.

Jurie Wessels, Executive Chairman of Arcadia commented:

"The listing allows us to possibly receive greater exposure in a market that places a high premium on green metals, and that values and understands the increasing necessity of exploration for elements such as Lithium, Nickel and Copper. Through its diversified battery metals exploration portfolio and its potential for conflict-free Tantalum we believe that Arcadia offers significant speculative appeal to European and German investors who wish to share in the excitement of exploring for these metals in Namibia and who may wish to invest in a country with which many Germans have close ties."

To assist in promotional marketing aimed at generating Company awareness, Arcadia has engaged with two well known Investor Relations groups in Germany, German Mining Networks GmbH and Dr Reuter Investor Relations.

German Mining Networks GmbH have an accredited and extensive client base of High net-worth individuals from across Europe and the Company will have the opportunity to present its asset portfolio to this market. German Mining Networks GmbH was most recently involved with Reconnaissance Energy Africa Ltd (TSX-V: RECO) ,an oil exploration company active in Namibia.

Dr Reuter Investor Relations has an unique IR-Program, tailored to the needs of Small and MicroCap Companies, and assisting in supporting companies to attract important target groups from SmallCap-Investors, Family Offices, High-Net-Worth-Individuals and Retail-Investors through the German Financial Press, German Analysts and other investment media offerings. Dr Reuter Investor Relations has previously worked with companies such as Vulcan Energy Resources Ltd (ASX: VUL), where, during the course of their relationship, they assisted Vulcan in significantly increasing trading volume on the German stock exchange for Vulcan.

The Company looks forward to working with both Dr Reuter Investor Relations and German Mining Networks GmbH.

This announcement has been authorised for release by the directors of Arcadia Minerals Limited.
